- **Discuss existing community information and practitioner resources** about family and domestic violence in Queensland and propose ways to make them accessible for LGBTQI+ people who are culturally diverse;
- **Identify gaps and opportunities for targeted, tailored, and translated resources** for LGBTQI+ people who are culturally diverse and identify opportunities for resourcing this work;
- **Contribute to hosting a forum** for sector workers, stakeholders and legal practitioners who work with LGBTQI+ people who are culturally diverse and experience domestic and family violence; and
- **Contribute to a systemic review with recommendations** for strategies, action plans, policies and programs to provide to government agencies with responsibility for domestic and family violence.

Time commitment

The Peer Advisory Group will meet regularly from **August – December 2024**. They will work with LGBTQI+ facilitators from migrant backgrounds who will guide and support the group.

About the project

LGBTI Legal Service Inc has partnered with Third Queer Culture, QPASTT and Queer and Trans Workers Against Violence (QTWAV) to support migrants, refugees, and people who are culturally diverse to respond to and prevent domestic and family violence across Queensland.

QMP is enabled by the Safe and Diverse Communities Grant. LGBTI Legal Service Inc was **recently announced as one of three successful recipients of the large grant round**. This is an important and rare investment in a peer-led specialist program recommended by the National Plan.
